## Every individual is unique!

We disbelieve the often perceived notion that "a chosen few of us are the talented or gifted individuals". We are that one and only one person that no one else can become. Each one of us has values, goals, purpose, abilities, skills, knowledge - the combination of which makes each one of us like no one else.

## Every organization is unique!

Each organization has an underlying culture, vision, opportunities, challenges and successes. Every job position in the organization can be defined to have specific and unique descriptors to distinguish one job from the rest, in turn attracting the most suitable candidates and ensuring the best fit.

## One Job's Purpose and Mission

We provide unique Online Job Search and Application platforms with enhanced Social Networking functionalities - OneProfile (for Experienced Candidates, Fresh Graduates, Contract Workers) and OnePost (for Employers, Human Resource as well as Hiring Managers).

We are currently focusing on Recruitment and Employment in the following countries: Singapore, Malaysia, India, UAE, Australia, New Zealand, Philippines and Indonesia.

Having a best fit between EACH candidate and EACH job has magnified impact, sometimes difficult to imagine – both individual success & career fulfillment as well as business sustainability & growth – leading to economic development and progress for an entire state and nation.

This is our **mission – making an impact on the wellbeing of an entire nation - ONE JOB at a time!**

“Everybody is a genius. But if you judge a fish by its ability to climb a tree it will live its whole life believing that it is stupid”
